COPY of letter No.Ref.H1-433/52, dated 25th March 1952 from the Municipal Health Officer and Commissioner-in-charge, Mangalore Municipality to the Secretary to Government, Health Department, Madras

OFFICE OF THE DIRECTOR OF PUBLIC HEALTH MADRAS 1 MAY 1952

Sub: Establishment - Public Health - Mangalore Municipality Health Assistants - training classes to acquire Sanitary Inspectors qualification - stipend - Payment of - Sanction - Requested.

The posts of vaccinators and Birth and Death Registrars have been constituted into one category and designated as Health Assistants in the common scale of pay of Rs.45-2-55-1-75 with effect from 15-12-1950 as per orders of the Government in G.O.Ms.No.4242, Health, Dated 15-12-1950. The sanctioned strength at present is 9. There are only two qualified hands and the rest were re-appointed from 15-12-50 in the new category subject to condition that they should acquire the Sanitary Inspectors qualifications within a period of 4 years from that date failing which they will not be eligible to draw increments after that period until the qualification is acquired. Non-permanent hands have been appointed under item V of Explanation II to regulation 10 of Public Health Establishment (L.A.) regulations subject to above condition failing which they will be discharged as per instructions specified in para 2 of the G.O. Two of the Health Assistats appointed under item (V) of Explanation II to regulations 10 of Public Health - Establishment have represented that they may be deputed for training at Municipal Cost to enable them to acquire Sanitary Inspectors qualification.

There is dearth of qualified hands knowing the local languages (with Sanitary Inspectors qualification) for the post of vaccinators and Birth and Death Registrars and during the last several years unqualified hands and to be appointed under section 9(1) as no qualified hands have become available even after advertisement. Some qualified hands, even if they join, remain for a short period as Health Assistants and as soon as they get a Sanitary Inspectors, Health Inspectors, or Licence Inspectors post they leave the post and hence the necessity of recruiting unqualified hands arise

In view of the administrative difficulties experienced and on the recommendation of the Municipal Health Officer the Council in its resolution No.427 dated 15-3-52 (copy enclosed) accepted the suggestion of deputing two of the Health Assistants for Sanitary Inspectors course on condition that the candidates selected by the Municipal Health Officer execute a bond undertaking to serve this Municipality at least for a period of 5 years and that they will be given a stipend of Rs.50/- per month each for a period of 12 months.

p.t

~~12 months~~.

It is proposed to select two candidates this year to undergo the Sanitary Inspectors course at Madras which is likely to be held early in July 1952.

I request that Government may be pleased to accord early sanction for deputation of the unqualified Health Assistants and to pay them stipend at the rate of Rs.50/- per month for a period of 12 months.

Council resolution No.427/15-3-52.

This Council accepts the recommendation of the Municipal Health Officer to depute 2 Health Assistants for Sanitary Inspectors course on condition that the selected candidates give a bond undertaking to serve the Municipality at least for a period of 5 years - They will be given a stipend of Rs.50/- per month each for a period of 12 months. The Municipal Health Officer is requested to select two suitable candidates and depute them during 1952-53.

4/7/52

It is not usual to give stipend for Sanitary Inspectors training. If the Health Assistants ⊗ under reference wish to acquire Sanitary Insp's qualification they may undergo training at their own cost taking leave if necessary, as it may be necessary for them to acquire the qualification in their own interest ie to get promotion as Sanitary Insps

is willing to give Stipend and take a bond from the incumbents that they would serve the Mkz for a period of 5 yrs. In view of the dearth of qualified hands and in the interest of public health it seems that the proposal may be approved. Orders may be obtained in (-)"

4/7
5/7/52 # Outsiders do not serve or like to serve in S. Kanara. Locally, the business banking, trade and industry are all well organized and they can out bid Govt & Municipalities or DLBds It is unusual to get a first class person from S. Kanara into Govt or local fund services particularly at these levels nowadays. I have read through the M.P.S.C. lists over and over again as teller of S. Kanara

The request of the Mysl Council may be accepted.
